

The Copper Queen Store.

That Suit! How About It?

Has that suit you've been promising yourself for some time been side-tracked since the excitement of Christmas time?

During all the hurry and hustle of the Holiday times, when it seemed that no one thought of anything but what to buy for some one else, our tailoring force of 14 men was working away steadily.

They have caught up with the orders and now we can give you the very best of service; the usual careful attention to every little detail, and in addition, prompt delivery.

Of course, there is ample stock to select from. Our stock of wooleens is never off in variety.

The social season has barely begun. The occasions when full dress will be the rule bid fair to be numerous. We are having great success in making full dress suits. Would you like to see the samples and learn the price? We are at your service.
